

This box contains:

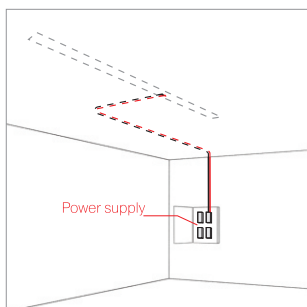

Aluminum Profile - 2500mm
 Diffuser - 2500mm
 End caps - 4 pieces
 Mounting brackets - 8 pieces

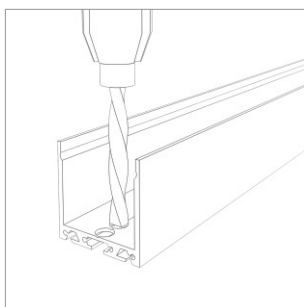

Installation instructions

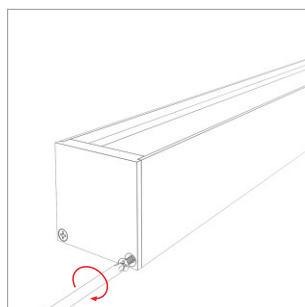

"Prior to installation, choose a location for the power supply and make sure that it is connected to the light switcher."

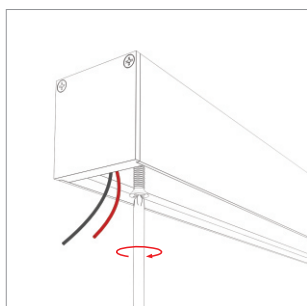

- 1 | Make the electrical connection to the power supply and then run the wires to the location of the light fixture.

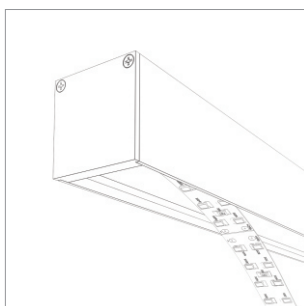

- 2 | Drill a hole into the fixture for low voltage wires.

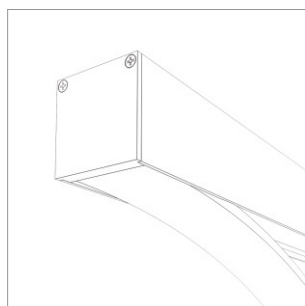

- 3 | Secure the end caps.

- 4 | Run the wires through the hole, then secure the fixture into the surface.

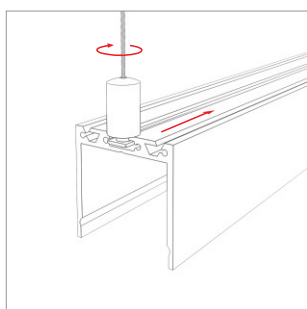

- 5 | Install the LED strip on the fixture surface.

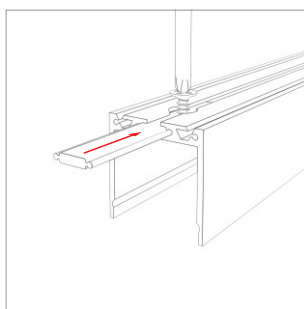

- 6 | Install the diffuser.

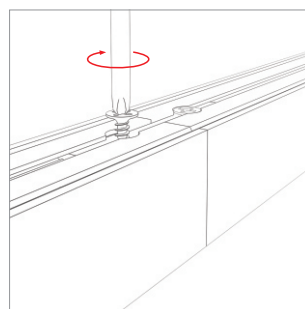

Instruction for suspended installation

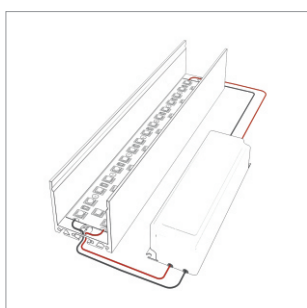

Instruction for fixtures longer than 2500mm

- 1 | Install the two fixtures together using a connection piece.

- 2 | Drill in the connection piece where both fixtures connect.

"Electrical connection must be made from both sides for fixtures longer than 2500mm"
